

ADITONE – Electronic Press Kit

ARTIST NAME:

Aditone (Real name: Adrian)

GENRE:

Pop with melodic sensitivity and multilingual breadth (sings in three languages)

ABOUT ME:

My name is Adrian, but as an artist, I go by Aditone. After a few years away from the spotlight – focusing on family life and raising young children – I’m now back and more dedicated than ever to my passion: songwriting and music production.

I’ve spent the past year participating in three semesters of the **FRAMÅT** program led by **Adam Taal (formerly known as Adam Tensta)**. Thanks to this experience, I also did my first live performance in many years at "Stockholms Pärlor" at **Enskede Bryggeri** in Stockholm.

My strength lies in my ability to express myself through pop music in **three languages**, writing songs that are both heartfelt and emotionally driven.

CURRENTLY:

- Recently released a 10-track album
- Recorded a **demo** of my **first-ever Swedish song**: “*Demoner som aldrig vill vila*” (currently rehearsing before final studio version)
- Back on stage again after a few years away
- Actively rebuilding my career and audience

PREVIOUS HIGHLIGHTS:

- Winner of **P3 Osignat on Swedish National Radio (Sveriges Radio)**, hosted by Sanna Bråding (interview still available via my website)
- Experience in commercials and minor TV roles
- Earlier releases were well received by both the public and the industry

LOOKING FOR:

I’m currently seeking an **experienced A&R manager** to coach me approx. **30 minutes/month** via video meetings.

The goal is to create a dialogue, get professional guidance, and have someone to bounce ideas off – to help me steer the ship in the right direction.
